

# MASTER OF SCIENCE IN WEALTH MANAGEMENT

## MAÎTRISE UNIVERSITAIRE EN GESTION DE PATRIMOINE

### INTERNATIONAL SECURED TRANSACTIONS (5455)

Prof. Bénédicte FOËX

6 ECTS

Semester: Spring

Teaching language: English

#### Description

This course will examine the main instruments used in international trade to secure transactions: documentary credits, bank guarantees, stand-by letters of credit, letters of indemnity, retention of title clauses, pledges of commodities, collateral management agreements, escrow agreements, assignment of claims, maritime mortgages and aircraft mortgages.

It will also include an introduction to documents of title to goods (bills of lading, warehouse certificates, etc.) as well as to contracts governing the use of seagoing vessels (ship rental, charter party and freight contract).
