## MAÎTRISE UNIVERSITAIRE EN GESTION DE PATRIMOINE

### LEARNING TO TEACH FINANCE (S413059)

Prof. Ines CHAIEB

3 ECTS

Semester: Autumn / Spring

Teaching language: English

### Description

This course is designed for master students. The course gives the opportunity for students to learn and practice teaching duties in the context of exercises, tutorials, case studies, mark assignments/essays, project presentation, education material elaboration, webinar, MOOC, research support, data warehousing, external teacher coordination, or seminar/conference organizations.

Master students develop confidence in their roles as teaching assistants who effectively support bachelor students in acquiring the skills and competences necessary to reach the learning objectives of a course.

### Assessment

Continuous assessment

To get the 3 ECTS, students should complete all tasks assigned by the professor and submit a teaching report at the end of the semester. Student evaluation will be taken into account as well.

### Other information

Eligible students for this course should have

- 15 ECTS successfully completed with an average grade of at least 4.5
- Approval of the course instructor with whom he/she will be working as Teaching Assistant

Selection of candidates will be based on academic excellence and motivation. The application file is composed of an exhaustive list of courses (completed with grades and not completed) at undergraduate and graduate levels in finance, economics, statistics, econometrics, probability, and mathematics, as well as a letter of motivation.

As a TA, you will find yourself performing a variety of roles, which include tutoring, facilitating, marking students work, and acting as an intermediary. The exact tasks will be defined by the course instructor responsible for the undergraduate course. The expected workload is about two hours of student contact per week, and two to four hours of preparation per week.
